# OUR CLIENTS ARE TALKING!

I did not know what to expect when Joe from Sports Journal contacted me and said he had a plan for our 2020 recreational baseball pictures. He also told us that he would be able to do "team photos" with a special software that he had. Joe took the time to explain everything from how to schedule the team times to how we would arrange them so we were following the CDC recommendations. I was overly impressed with how well this plan was developed and so were our families. Joe and Team showed up early, set everything up and organized two sets of orange cones, six feet apart, so the players could line up. One player at a time went up on the outside stage and had their picture taken. We normally would do this in one day however, we spaced it out over two days. On the second day, Joe sent me my son's team photo and I have to tell you that it looked amazing. You could not tell that they were not standing together for the photo. It was by far my favorite picture in six years playing baseball. Halfmoon Baseball League is proud to say that we had a recreational season during a pandemic and even prouder that Sports Journal was able to capture it. Thank you Sports Journal for giving us a sense of normalcy during an uncertain time.

Julie Zeissler  
Halfmoon Baseball League

As president of Guilderland Baseball, I have partnered with Joe Marcelletti (Sports Journal Photos and Trophies) for many years handling our photos and trophies. The 2020 season, we had to adapt to many of the challenges caused by Covid. A major challenge was how to handle our individual and team photos and get this process approved by our Town. The Sports Journal Team put together a very detailed, safe strategic plan to accomplish this. They reviewed our area for photos to design a socially distant process to keep all of our players and coaches safe. Our Town approved this process because it was so detailed and had all safety aspects covered. The execution of the strategic plan was implemented 100 percent. We were glad to see our families get the memorable photos of their player playing baseball in 2020.

JON PHILLIPS

About

## Clifton Park Youth Hockey Association

Posted by Tracy Sisson-McCarthy

1m · 🌐

Sneak peak at Sports Journal Photos new safety compliant team photos! Thanks to them each photo was individually taken then photoshopped together to build the team photo. Everyone's health and safety was a top priority this year and this company went above and beyond for Clifton Park Youth Hockey.

**East Greenbush / Castleton Youth Baseball League would like to thank you and your staff for the Covid safe pictures this season.**

**You and your staff were able to keep the children distanced and always wore their masks the entire shift.**

**The league received countless compliments on how well & SAFE the process went, as well as how much they loved the NEW virtual team photos. We were amazed at this entire process.**

**Thank you!  
Brian Fredericks  
EGCYBL Vice President**
